

# Golden Links Lodge Employee Spotlight

## Eden, Health Care Aide

This lovely lady is Eden aka “Edu”, born in Asmera the capital of Eritrea in East Africa. Eden has worked in the capacity of Health Care Aide since 2008.

Eden always wanted to help people which is why she loves what she does. She chose GLL to work at because she felt this was the right place for her and we agree! She also knew another employee working at GLL at the time of application and they told her she’d really enjoy it working here!

Providing care to our residents is what gives Eden joy. If she can make a resident happy by helping them throughout their day she too will smile and feel good. She would love to see all healthcare workers have passion and enjoy what they do every day!

One of her favourite places to visit is London, England. She loves the countryside.

Eden loves to watch soccer, but she herself enjoys running! Although she doesn’t run as much as she used to it is still something she truly enjoys.

If she is listening to music, you can be sure it will be gospel!
