

Hi everyone,

We currently have one (1) resident on precautions.

Today in Manitoba there were four (4) confirmed Covid 19 cases bringing the Manitoba total to two hundred forty six (246). Stay home so we can keep these numbers low!

Non-critical businesses remain closed until April 28, 2020. This will be difficult for many, so hard on small businesses here in Manitoba! If there is any way that you can support the small businesses please do so. Many will never re-open after this is all said and done.

It was a very quiet day at the lodge today. Michael was doing one to one with a few residents. We had a couple window visits from family. The weather is not very nice extremely windy, very cold. Our area for visits gets quite a tunnel wind going! It is supposed to warm up nearing the end of the week! Cross our fingers!

We have cleaned our window where we currently have window visits. Watch for new art shortly!

I heard this saying last week, and honestly laughed out loud...”What a year this week has been!” That’s what it feels like some days! Our staff continue to persevere, so proud of them all. Although I’m sure some leave work and feel just this way!

As a reminder to you all, Elise Land is our Social Worker and most absolutely has a unique connection to all of your loved ones. Please feel free to connect with her should you have more questions about the emotional well-being of your loved one.

We hope that you are all keeping well, practicing social distancing and staying close to home. We thank you for your continued support, positive comments and prayers~
