

Good evening,

In Winnipeg, there is one (1) new Covid 19 case to report for Tuesday April 21, 2020, bringing the total in Manitoba to two hundred fifty five (255).

We are hearing that this is good news for Manitoba. We have also heard that Manitoba is approximately six (6) weeks behind British Columbia, Ontario and Alberta. Hopefully the “Social Distancing” that folks are continuing to do will help in the very near future.

We have no residents on precautions or isolation.

I'm happy to say that our supplies are really good. We have been able to get stock on nearly all that we need except for N95 Masks. We have surgical masks, gowns, eye shields and gloves. A good stock of hand sanitizer too.

I will share with everyone that there is some work being done from LTC WRHA and Manitoba Health related to staff working in only one location. I have no idea how quickly or slowly this process will move.

We are lucky enough to have received one more iPad and two LG Phones. We are incredibly thankful as this will assist the facetime calls to families. The donations today were received from LTCAM which we are members. These iPads will be a wonderful tool for Recreation to utilize with residents when this is all over!

Today our “GLL Employee Spotlight” is attached. We have also posted our spotlight (with employee permission) to Facebook, Instagram and our website. Watch for daily “GLL Employee Spotlight.”

Mike and Cathy were busy keeping our residents busy today! There were facetime calls with families, visits, exercises and some music.

If you have any questions, comments or concerns please feel free to contact me or Alison at 204-257-9947.

We hope that you are all keeping well, practicing social distancing and staying close to home. We thank you for your continued support, positive comments and prayers~
