

Good evening,

Great news! Our residents are healthy and all going well this evening we will formally be out of outbreak tomorrow!

We are juggling a high number of facetime calls to family. Fortunately we received a donation of an additional iPad which will certainly help with facetime calls. Thank you for the wonderful donation.

For those inquiring...we are currently implementing a process for staff cell phones. When staff check in at the start of their shift they are asked a series of questions related to their health. They then have their temperature taken. This is all documented. During this process the employee is required to sanitize their cell phone and place it in a Ziploc bag with their name on it. Their phone is then placed in a plastic bin that is kept at the nursing station. Prior to putting it in the Ziploc they sanitize the phone. This ensures that during their shift their phones are kept in a secure place accessible to them and not exposed or passing germs. They can check their phone frequently while it remains in the Ziploc bag.

We will be having Easter dinner for our residents similar to previous years, except no family this year. This will be our first big celebration during lock down and hopefully our only one. As always Carolyn and Mike are working hard at creating a nice environment celebrating Easter.

There was one (1) confirmed Covid 19 case reported today bringing the Manitoba total to two hundred four (204). Stay home so we can keep these numbers low! We are being told that these number are expected to get much higher in the coming days.

We are happy to answer any questions that you have. Please feel free to contact me directly, Alison or our Business Office 204-257-9947.

We hope that you are all keeping well, practicing social distancing and staying close to home. We thank you for your continued support, positive comments and prayers~
