

Good evening,

This message is for Families, Residents and Staff;

As of 1:00am March 16, 2020, GLL will not allow visitors into our facility for an indefinite period of time.

It's likely that many of you have many questions/concerns as to what happens now?

We will be communicating via email to families on a daily basis. You can expect to receive at least one email with status updates per day. We will continue to provide updates to everyone as we receive them from Manitoba Health/WRHA/Government of Canada. Family can call **ANYTIME** to check in and/or to speak to your loved one.

As a facility we will be increasing our staffing to help accommodate during meal times. We will also be extending our housekeeping ours to 11:00pm each day.

As of today no one in our facility is showing flu like symptoms which is great news! Our intention is to keep it that way.

Should there be any changes with your loved one during this visitation suspension we would immediately contact family.

Thank you for everyone's support during this time, please do not hesitate to contact me, Alison or our Business Office.

Kindest Regards,
Marcy
