

GOLDEN LINKS LODGE EMPLOYEE SPOTLIGHT

LANA, REGISTERED NURSE

Lana aka "Sugar", born and raised in Winnipeg! Married with two kids, nineteen (19) year old son and twenty-one (21) year old daughter.

Lana became a nurse because it's really in her family...her mom was a nurse so was her aunt! She felt it was something she was meant to do.

She's been at GLL for a few months and joined our team because it was so close to home. She stays because of the residents and how well they are cared for. She said the HCA's are amazing. The continuity of care is wonderful. Families are involved. The management team is very supportive.

What's your favourite part of your job? When things quiet down and I can sit and really be with the residents and provide that high quality care that they need.

In her vacation time Lana loves camping, "real camping, sleeping in a tent kinda camping."

This lady enjoys avocado on toast and some good ole country music.

Her favourite sports are ringette and baseball!
