

Hi everyone,

There are no residents on precautions or isolation today.

Manitoba health officials say there were two new cases of COVID-19 as of Wednesday April 15, 2020, and a fifth person has died (woman in her 60s who lived in the Prairie Mountain Health region). Two other probable cases came back negative meaning the total probable and confirmed cases of the novel coronavirus remains at two hundred forty six(246).

We had a great day at the lodge today! Sun was out all day pouring thru the windows! So nice! Residents really love the new art on the windows, it was the topic of many conversations today. Something really positive and pretty to focus on! Mike and Cathy were busy with facetime calls and one to one time.

I share all emails that I send to all of you every day along with your responses in the "Thank You" binder accessible to all staff. Since many of you may never see the inside of our lobby during these really difficult times, I took some photo's for you! This is what our staff walk in and out of every day. Just to give you an idea.

We hope that you are all keeping well, practicing social distancing and staying close to home. We thank you for your continued support, positive comments and prayers~
