

Good afternoon,

We have one (1) resident in isolation today (not Covid 19 related).

In Winnipeg, there is one (1) new Covid 19 case to report for Tuesday May 12, 2020, the total in Manitoba is two hundred ninety (290). With government lifting some of the restrictions in Manitoba there is an expectation that the numbers may rise a bit. Hopefully folks are still exercising a lot of social distancing, staying home and only going out when absolutely necessary. There is no vaccine yet, so we need to stay very cautious.

Recreation had a very busy day managing family calls with residents. We have been slowly handing out our mother's Day gifts to our staff and residents. We have printed all the Mother's Day photos and put them all in frames. If you are a family member that visits the lodge for window/face/phone time you will receive a little gift plus the photo of your mom from GLL. If you are a family that is not in Manitoba please advise our business office and we will mail out the photo in frame to you!

As the weather warms, the opportunities for residents to spend time in the pergola area increases.

If you have any questions, comments or concerns please feel free to contact me or Alison at 204-257-9947.
