

Good evening,

We have one (1) resident in isolation today (not Covid 19 related).

Somewhere in the last few days I messed up my Covid 19 confirmed cases in my email reports. In the past few days there was a positive negative case dropping the number of reported cases to two hundred eighty nine. Over the weekend there was one (1) reported case back up to two hundred ninety (290). As of Tuesday May 19, the total confirmed cases in Manitoba is two hundred ninety (290).

It was extremely windy today making it impossible to bring residents outside. No worries, Cathy and Mike kept our residents busy with one to one (1:1) time.

If you have any questions, comments or concerns please feel free to contact me or Alison at 204-257-9947.
