

Good afternoon,

This message is being sent to all families and all staff of GLL:

Please be advised that the elevator is down. It requires extensive repairs and will be out of service until early next week.

At the time that the elevator went down we had two (2) residents from the second floor having outdoor visits. We have had to rearrange a couple of residents around our facility to accommodate the two residents that are now on the main floor. We have contacted the families of the residents affected directly. If you have not received a call then your family member has not been directly impacted.

The visits for Thursday June 18, 2020, for residents that live on the 2<sup>nd</sup> floor will be cancelled and rescheduled once the elevator is working. If you are visiting a resident that resides on the first floor your visit should not be impacted. For cancelled visits expect to receive a call from either Juanita or Rowena from our business office to reschedule.

We will alert everyone when the elevator is back up and running.

Thanks
